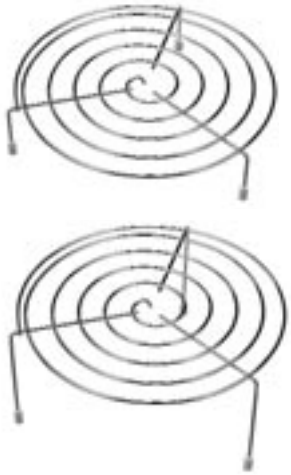
Microwave, Grill, Convection, Combination Oven



344H x 564W x 510D + 33mm handle overall

34 Litre capacity

345mm dia turntable

10 Power levels

1000 watt microwave output

2300 watt max. convection

9.6 amp maximum current, suit 10amp G.P.O

Warranty, two years parts and labour

3D COOKING
The stainless steel interior includes three concave impressions in the left wall opposite the magnetron energy source in the upper right wall. This altered surface improves the reflective and refractive penetration of microwave energy within the cavity ensuring an enhanced three dimensional evenness and efficency in heating, cooking and defrosting.

SCROLLING MAIN CONTROL
Easily set or correct all times, weights and quantities without the pressing of touchpads and/or buttons.

LANGUAGE
For all prompting instructions in the digital display choose one of six languages – English, French, German, Dutch, Italian, or Spanish.

34 LITRE CAPACITY
246mmH x 370mmW x376mmD, note extra height for taller cooking utensils and perfect for the high accessory grill rack.

345mm WIDE TURNTABLE
Accommodates not only the largest restaurant style plate also suits most rectangular and odd shaped utensils

1000 WATT MICROWAVE
The perfect maximum power level for the capacity. There are 10 power levels.

DIGITAL CLOCK
Time of day can be displayed in either 24 hour or 12 hour framing. This framing can be changed simply with the press of a button.

SCROLLING MAIN CONTROL
For easy time and weight settings and corrections without cancelling and re-entering information.

FAN ASSISTED CONVECTION COOKING
All the advantages of a convention oven now in a compact design. Oven temperature range 40° Celsius through to 250° Celsius. N.B. There is also a selectable Pre Heat programme.

PROVING OVEN
Perfect for proving home baked breads with the required 40° Celsius accuracy.

COMBINATION COOKING
5 models
- microwave + fan assisted convection
- microwave + fan assisted convection + floor element
- fan assisted convection + grill + floor element
- microwave + grill
- microwave + grill + floor element

AUTOMATIC DEFROST
4 modes: meat, poultry, fish, bread with weights from 50 grammes to 3 kilogrammes

CAKE and BREAD MAKING
Optionally use the lower chromed rack for weights from 100 grammes through to 1,5 kilogrammes

GRILLING
The quartz grill elements heats instantaneously for quicker heating, browning and grilling. The taller chromed rack.

CRUSTY
By using only the base element crispy results are assured.
